### Our Guarantee

Klassischewienerpauken™ are guaranteed for five years against defects in parts and workmanship. This does not include inappropriate use, such as dropping the drums, or other accidents. In such cases we will replace and repair based on cost and labor. The goatskin heads are guaranteed for one year, but should last for many years with normal use. Not covered by the warrantee are dents in the bowls. Please be careful when setting the drums down — using the stands, not the floor. Copper is a soft metal and is easily dented.

We want our customers to be completely happy with Klassischewienerpauken™.  
We are at your service.
